

# CELEBRATE KANSAS SCHOOL LUNCH WEEK WITH US!

JANUARY 26-30, 2026

Dear Families,

Kansas School Lunch Week is coming January 26-30, 2026, and this year's theme is "Lunch Among the Stars." This special week highlights the nutritious and delicious meals your students enjoy every day, as well as the dedication of our school nutrition teams who make it all possible.

During this week, students will have the opportunity to experience fun, themed menu items inspired by the theme and learn about healthy food choices in an engaging way. Families can support the celebration by encouraging students to eat at school and try something new, helping them discover new flavors and make healthy choices.

We are proud to provide meals that nourish both the body and mind, and we hope you join us in recognizing the importance of school nutrition during this special week.

Sincerely,
